GOLD COIN DONATION - THANK YOU

Anzac Day 2021

Judy Talbot

Dawn on Anzac Day saw the heaviest fog ever seen in Brunswick Junction and blanketing the region.

By the time the Fire and Rescue Service catapult party was in place at the War Memorial and the flags put on the flag poles the fog had lifted.

Marchers assembling at the Ambulance Hall were greeted by the sound of the bag pipes. We thank Charlie Phillips for once again playing for us.

Parade Marshall Vietnam Veteran Tony Green called the marchers to order and the parade was lead off with Terry Treasures restored Army Jeep and Kaye Fry from the 10th Light Horse next in line.

Veterans, Red Cross Unit Members, and organizations, school groups and sporting clubs followed.

The Australind Police had closed part of the Highway to allow the parade to form up at the War Memorial where the Brunswick Fire and Rescue formed a Guard of Honour

for the wreath laying, followed by Tony Green reciting the Ode and the Last Post played by Bugler Bayden Adams.

All then adjourned to the Town Hall where social distancing was observed by the large gathering.

Guest Speaker was Councillor Michelle Campbell grand daughter of the Late Ron Noakes a World War 2 Veteran, a floral tribute was laid in his memory by his daughter Gwen Moore. Her address was inspiring and well received. This year the newly formed Brunswick Singers lead the singing with Lyndon Edwards on the piano...they even sang the New Zealand National Anthem in Maori before the English version. Following the service conclusion all enjoyed a sausage sizzle and the fellowship that followed.

Organizer Judy Talbot wishes to thank everyone who participated or assisted in any way to make this 27th Anzac Day March and Service since its re-instatement the success it was.

Maddie and Clint Ford lay a wreath from the Brunswick Tavern

Kevin Anderson BJVFRS and Shaelah Rose representing the Brunswick Junior Fire Brigade

Valentina Tirli and Julianne Hill lay a wreath from the Brunswick Tennis Club

Lilibeth Hinds, William Hinds and Warrick Hinds after the wreath laying ceremony

WA YOUTH CATTLE HANDLERS CAMP

JULIE ROSE

After the cancellation in 2020 due to Covid, the 16th annual WA Youth Cattle Handlers Camp was held in April at the Brunswick Showgrounds and combined with the beautiful weather it was an outstanding success. 100 young people as well as over 60 presenters and volunteers, travelled from all over WA to take part in the 3 day event. The Showground was a hive of activity with participants camping either in the Pavilion and Recreation Centre, or in Peters Park, whilst the Alan Evans Selling Complex and the Cattle Sheds were the Centre of the Camp. Special thanks to Merrilee and John Fry who have been responsible for organising the endless amounts of food required to feed everyone since the Camp was first held in 2005.

They were assisted in this huge task by volunteers from our community as well as Camp parents. The Camp would not exist without the farmers who provide the cattle for each student to care for. Quiet, well-handled cattle are essential, especially for the younger children attending their first Camp. The time and effort that is put into these animals by the farmers prior to the event is very generously given and much appreciated. Students left the Camp with new friendships formed, self-confidence gained and a feeling of having achieved so much in the 3 days, and all very keen to return to Brunswick in 2022!

Award Winners were as follows:

Left photo: Highest Beef Achiever – Rori Skinner, Woogenellup (via Mt Barker) pictured with judge Michael Cabassi

Right photo: Highest Dairy Achiever – Lydia Angi, Yarloop pictured with judge Mal Nikora

Overall Runner-Up – Murray Findlay, Albany Local participants to win awards included Grace and Angus Johnson from Brunswick and Penelope Ciumelli from Bengier.

GROUP PHOTO OF ALL THE PARTICIPANTS WHO ATTENDED

Just the job - identifying the right employment opportunities!

Over the years, Brunswick CRC has successfully applied for funding to employ a trainee at the centre. More recently this role has been carefully considered in respect of local trends of employment options. For example, in 2020/21 our trainee studied for a Certificate in Marketing and Media and to support this, gained broader work experience in a shared placement with a third party. This helped to further knowledge and understanding of how these skills looked in practice outside of the resource centre and it's community work. We are proud too of the success which has resulted in securing a job at the end of the traineeship in their chosen career with Bunbury Regional Entertainment Centre (BREC).

This year, Nicola, our current trainee, is completing her studies for a Community Services Certificate III and holds a passion to pursue work and a career working alongside the juvenile justice system. Finding work experience to suit has been quite a challenge, but we are proud to say that we have established a regular placement with both Accordwest who provide human support services, as well as some hours with the Department of Justice's corrective services in Bunbury. Amazing opportunities lie ahead! Thanks to all those partnering with us and for the funding provided through the Department of Primary Industries and Regional Development.

Jo Dalton, Nicola Van Dijk and Superintendent Kerry Bishop of Bunbury Prison

Brunswick Bee Buddies

In response to a request from a local community member, Brunswick Junction CRC organised a meeting for local beekeepers to get together. Sharing knowledge and the experience of keeping bees, this first gathering provided an opportunity to sample different sources of honey and establish new connections. Ranging from a running a small apiary, with 1 or 2 hives, to having managed up to 200 colonies, we were all able to learn something new. Topics under discussion covered the best source and breeder of queens, the benefits of Flow Hives versus traditional equipment, swarm management and how to avoid the dreaded wax moth! Around the table, Peter Monagle, Steve Hewett, Michael Dycer, Bruce Redman, Lucas Bibby and Tina Wallis enjoyed a fun and engaging evening together, establishing plans to make it a regular group meeting.

The next meet up is going to be scheduled for June, we'll announce a date when confirmed. If you are interested in joining us, please feel welcome to get in touch: 9726 1452 or brunswickjunctioncrc@gmail.com

MAGGIE'S MUSINGS

MARGRET CARBONE

Happy Mother's Day! It's great to have you join us for the May issue of The Moospaper, and we wish all mothers, and those who play the role of mother, a very Happy Mother's Day.

At the time of writing, a 3-day lockdown had been imposed over the Anzac long weekend, in response to two Covid-19 cases in Perth. The lockdown affected only the Perth and Peel regions, so we in the south-west were fortunate to be able to attend Anzac services as normal. Many Perth and Peel residents participated in "Driveways At Dawn" for the second year in a row, after the snap lockdown was announced on Friday. A big thank you goes to the local volunteers who again staged a very meaningful Anzac service for the public in Brunswick this year; look out for details in this issue.

Also affected by the unexpected lockdown was our local football club, as the South-West Football League cancelled all games, mainly due to some players being unable to travel from the Perth and Peel areas. Harvey-Brunswick-Leschenault were set to play Harvey Bulls in the traditional derby, which will be rescheduled to be played at a later date this season. After a week off, HBL are expected to be in good form to host Carey Park at Brunswick Oval on Sunday 2nd May, commencing at 9.45am with the Colts match.

If your mum is a footy fan, you can celebrate Mothers' Day with a trip to the Collie Recreation Ground to watch our HBL Lions take on Collie Eagles on 9th May.

Then back to home games, as HBL meets Eaton on Sunday 15th May followed by matches against South Bunbury on Saturday 22nd May. Time to cheer for the maroon and gold!

The Moospaper has had many comments about people trying to do the right thing in light of the continuing Corona Virus pandemic. It's heart-warming to hear stories of locals helping locals, wearing masks as required or staying home if there is the chance of risk. Comments include remarks about the great service provided by Brunswick businesses, who try to help and continue providing services as best they can among restrictions. People are urged to avoid becoming complacent in regard to signing in at local outlets, and to continue to use the SafeWA app or manual signing contact registers. Eighteen months after this unheard-of virus first came to our shores, the government-coined phrase "we are all in this together" still rings true as everyone tries to look out for each other, especially in our wonderful local community!

Don't you just LOVE Brunswick?!

NBN Session

We had a few people attend the information session on the 22nd of April, over the 2 hour period. It was great to assist Mr & Mrs Exelby with their ongoing NBN connectivity issue. After looking further into their situation, we discovered that their retail service provider hadn't logged any NBN related faults with us which was a little disappointing given the nature of their issue. It was great to be able to provide them with a solution to get them back up and running. Also, had William Forrest from the local Men's Shed drop by to chat about what he needed to do to get connected to NBN as he wants to start watching catch up TV. Overall, it was great to be able to assist the people of Brunswick Junction.

- Ashley Merrett
Community Ambassador, nbn™ Local WA

Play Cafe

St Michael's
Catholic Primary School

Commencing in Term 2
Every Friday during the school term

Parents and carers are invited to come along and join in the play and fun with their child every Friday during the school term.

There will be activities provided for parents to play with their children in our beautiful, play-based learning environment.

Come along and meet other children and families while enjoying a cuppa.

When: Fridays during school term (9.00 – 10.30am)

Where: St Michael's Catholic Primary School
Sommers Rd, Brunswick Junction

Age: 3 years and under (not already at school)

Cost: Free

Please bring a piece of fruit to share

Sommers Rd, Brunswick Junction | admin.office@stmichbruns.wa.edu.au | (08) 9726 1317

Council

Stories from another corner of the world

We have a special overseas contributor who wants to share stories from their life

We will be publishing these stories throughout the year.

If you have memories you would like to share send them to moospaper@gmail.com.

A SHOCKING EXPERIENCE.

Three times in my life (so far) I have managed to electrocute myself. The first time was while serving in the Royal Air Force. The meals in the cook house were pretty awful but we were allowed as much bread and tea as we wanted so many of us would take a mug of tea and a few slices of bread back to the billet after tea. We were housed four to a room and each man had a bed, a small cupboard and a wardrobe. I rigged up a device to turn the bread into toast. This consisted of an element off an old stove which I would sit on top of my wardrobe and plug into the light socket, to reach it I would stand on top of my cupboard. One night I got a bit careless and touched the element with the fork I was using to hold the toast. The shock caused me to jerk violently, the fork flew the length of the room and stuck in the wall between two of my room mates and the element fell off the wardrobe and swung back and forth at the end of it's wire still glowing red hot. It took a while to restore order and, for some reason, everyone seemed to think it was my fault and I should cease and desist from the toast making. Some years later I was working for a firm specializing in supplying display stands to firms wishing to offer their wares at agricultural shows and trade exhibitions. These stands were often quite elaborate and would take some days to set up. The hard part however was the taking down as the shows usually did not close till five or six o'clock and it would be a scramble to get the stands down and loaded in our furniture van before dark.

Electric power would be connected by local tradesmen who would rarely be on hand at the end so it was our custom to ensure the power was off and then just cut the wires behind the power points and leave the wiring behind. One year at the Royal Yorkshire Show we followed this procedure but we did not know that one power point had been added later and the electrician had taken the easy road and connected it to the stand next door. When I cut the wire with un-insulated cutters there was a flash and a bang and the lights went out next door! The only reason my lights did not go out was that by sheer chance I cut the cable from the negative side so the power went to ground through the cutters and not through me, I never felt a thing. I used those cutters for years afterward but they were a bit awkward with a big gap in the middle of the blades. Just to prove that I never learn, some years later while renovating a house at Cherrington I installed a fluorescent light over a stainless steel sink. In those days fluorescent lights were notorious for not starting when switched on and had a plug-in device about the size of a C battery which you had to twist to get the thing to go. Upon completing the installation I switch on. Nothing. I jumped up on the sink bench and went to twist the starter. I then found myself lying on my back on the floor about three meters away wondering what the hell hit me. Later investigation revealed I had wired the positive wire to the earth terminal.

Not being a cat I think I'll stop now.

In the next edition of the Moospaper, we will be excited to announce an upcoming shopping opportunity for the ladies in the town - watch this space!

Thanksgiving Service for all Volunteers

Wednesday 19th May 2021
9:30am
St Peters Anglican Church
Following the service, a morning tea will be held in the parish hall

A wonderful service to thank our volunteers in Brunswick and surrounding areas

WE ♥ OUR
volunteers

A slice of memory pie!

Oiling the cogs of our minds, should not so much be focused on how efficiently you can work out how to piece puzzle pieces together (although it has to be said, you can't beat a good jigsaw, especially with the days drawing in). Instead, perhaps, we should find the time to take stock and savour moments together, sharing stories of the past, the present and of the future. Building on the interest of local community people and their lives, we are running a new activity at the resource centre with food as the common focus. Whether it is a favourite dinner or dessert that you

remember from your childhood or one that has become embedded as a family tradition, we would like to invite you to share it with us. Spotty Dog, Canadian Roll, Apple Crump are among the first dishes being served up (along with a good dollop of custard or ice-cream) in these sessions, scheduled for Wednesdays from 10.30am.

If you have a suggested dish for us to prepare or would like to bring one to share, do give us a call 9726 1452 or drop by with your recipe at the resource centre, 1 Ridley Street.

William Leslie Simm – Brunswick’s Creamery Pioneer

Leesa Sutherland

A true gentleman and devoted family man, William Leslie Simm was born in Kyabram, Victoria in the year 1914. After receiving an education at Wyuna and Swan Hill State Schools, he worked in dairy factories in the Goulburn Valley and Western District of Victoria before moving to Western Australia in 1937.

Whilst working in Victoria he obtained Certificates of Competency in butter and cheese making, as well as in the grading of cream and milk. A Steam Engine Driver’s Certificate was also an addition to his impressive resume.

Upon arrival in Western Australia, William Simm, affectionately known as Les, was employed by Browne’s Limited at Brunswick Junction as a cheesemaker. One of eight dairy technologists brought to Western Australia by the company headed by Walter Browne, Les’ integrity and virtue saw him promoted to Factory Manager two years later.

In those days milk was delivered by horse and cart to the railway station for transport to Perth.

To ensure the continuity of the supply of milk products, a company known as Brunswick Creamery Pty Ltd was formed in 1949, the share issue being confined to Peters Ice Cream Co. and Browne’s Ltd, from whom the Brunswick Creamery Pty Ltd acquired the milk treatment depot.

Les Simm was appointed Manager at this time and continued in this position when the balance of shares was purchased in 1953 and the company was renamed Peters Creameries (WA) Pty Ltd.

The dairy farmers of the district knew they had a reliable and gracious buyer for their milk and the Peters Christmas parties in November of each year became a legend. Held at the Brunswick Showgrounds, the ladies would look gorgeous in hats and gloves, regardless of how warm the weather was.

A competition conducted by the WA Institute of Dairy Factory Managers in 1952 saw success for the Brunswick Creamery. Awards received by the creamery included best matured cheese over five months; best cheese over three months; highest points for continuous grading; grand aggregate and a special staff prize for grand aggregate. Whilst informing staff of the creamery’s success, Mr Simm expressed that these results were only possible due to the complete cooperation between staff and management.

In 1952 the erection of an additional plant was commenced and Brunswick Junction’s new creamery, Peters Creameries Ltd was officially opened by the Premier Mr A.R.G. Hawke on 26 November 1955. Mr Les Simm was the Brunswick Manager at the time.

About 1000 guests attended the luncheon before the opening ceremony, travelling from all around Western Australia and the Eastern States. A special train for guests from the metropolitan area made the trip to Brunswick Junction for the day.

Married in 1939 to Florence (Lonnie) Gray, Les and Lonnie raised their three children, Shirley, Yvonne, and Alan in Brunswick Junction. During their 35 years in Brunswick Junction, Les and Lonnie Simm were actively involved in the community, devoting considerable time to the Brunswick Agricultural Society.

William Leslie Simm considered himself blessed in both his family and his job in the dairy industry. He was held in the highest regard by all who knew him. He is remembered for his 40 years of loyal and dedicated service to the Dairying Industry in Western Australia and his valuable contribution to the history of Peters Creameries in Brunswick Junction.

Brunswick's Angus Johnson Honours Family Tradition

Leesa Sutherland

An interest in a military career saw Brunswick's Angus Johnson join the 710 Squadron Australian Air Force Cadets earlier this year.

Angus has an uncle and a great uncle who both started their aviation careers with the RAAF Cadets. His Uncle Adrian Burge is celebrating his 40th year of service as a pilot with the RAAF in this the 100th year of the Royal Australian Air Force.

The 710 Squadron led the march for both Anzac Day Services at the Bunbury War Memorial. This was Angus' first time marching formally on Anzac Day, as well as forming part of the Cenotaph Guard at the War Memorial

As a first year Cadet, Angus felt it was a great honour and a privilege to guard the memorial, as well as march at the front of the parade in both the Dawn and Morning Services.

The Bunbury based 710 Squadron Australian Air Force Cadets celebrate their 80th birthday this year.

Angus is thoroughly enjoying the experience and new skills he is learning, along with making wonderful new friends.

Angus Johnson

Cadet Angus Johnson marches with the 710 Squadron RAAF Cadets towards the Bunbury War Memorial on Anzac Day

Youth Week 2021

Bubble soccer, Air Hockey, Dodge, Food, Slushies and the movie 'GO' was the entertainment and fun at this year's Youth Week 2021 event held on Saturday 10th April.

This event was a collaborative effort with the Harvey Recreational Cultural Centre, Yarloop CRC, Harvey CRC and Brunswick CRC with support and funding from the Department of Communities, Local Government Sport and Cultural Industries, Department of Primary Industries and Regional Development and Shire of Harvey.

A big thank you goes out to volunteer bus driver Mike Kelly pictured below, THANK YOU!

This is what the Brunswick crew had to say.

Sharlene Bibby It was heaps of fun and the balloon soccer was awesome!

Lucas Bibby, Look forward to the next one!

Taj Hardisty, I loved going to the Rec Centre with the open court. Playing soccer and air hockey was really fun but my favourite part of the day was playing in the air bubble balls.

Maxx Mitting, I had a fun day, my favourite part was air hockey and bubble soccer. I would definitely go again.

Jack Mitting, Bubble soccer was my favourite part I had a great time. It was a fun experience.

Lights on the Hill Returns in 2021

Leesa Sutherland

Held each year on Talbot's property in Brunswick, Lights on the Hill celebrates the agricultural and industrial heritage of Western Australia.

The first Lights on the Hill, organised and run by the South West contingent of Tracmach, was held in 2013. Like many other events, this wonderful show of vintage machinery was cancelled last year due to the global pandemic. What would have been the 8th annual Lights on the Hill was actually the 7th time the event was held.

"The theme for this year was Single and Twin Cylinder Tractors," said committee member Tom Foster.

"We had a good turnout with fairly consistent crowds throughout the day. As the sun goes down, we tend to have mostly campers and committee members left on the hill to enjoy the live music and evening program."

Other crowd-pleasers at this year's Lights on the Hill included bulldozing demonstrations, tractor ploughing and ploughing competitions.

"A big calling card for this year was the tractor pulling sled," said Tom.

"The sled has a lot of flashing lights and looks really good at night. It was a definite crowd pleaser. A few of the entrants would have a go, wouldn't get the full pull, go away and take a bit of air out of the tyres and come back for another go. It was all fun and games."

Mr Foster said there were a lot of Mack trucks this year, an abundance of cars and the oldest tractor was close to 100 years old.

"We actually had a fleet of Imperial tractors turn up, five or six. It's fairly rare to get that many together at one time so it was a big achievement," said Tom.

"The hillside was lined with an army of tractors with brands including Oliver, Fordson, John Deere, International, Fiat, Allis Chalmers, Massey Ferguson, McCormick Deering, Field Marshall, Fowler and Ransomes."

Other displays included vintage tools and stationary engines. Refreshments were plentiful, provided by the Brunswick Lions Club, Burekup Cricket Club, and the Camp Quality Food Van.

The day saw a raffle held with proceeds going towards the Giant Tractor Project. Drawn in early May, the winner is able to choose one of three unrestored vintage tractors as their prize. The generously donated tractors on offer include an old Fordson, a McCormick Farmall M or a Chamberlain 6C.

The project aims to build a giant Chamberlain tractor in a rural community of Western Australia.

"The day was a great success. The interest was definitely there. It was as busy, if not busier than previous years," said Tom Foster.

Atia Orloski from Brunswick says hello to the Clydesdales

FAREWELL FOR NOW BRUNSWICK BRUNSWICK JUNCTION COMMUNITY RESOURCE CENTRE IN GOOD HANDS

"Yes, the rumour is true Andy is in Tasmania and I will be heading there in July. It wasn't an easy decision to make, we have made a wonderful home and been so welcomed into the community. Ultimately the move is a career development opportunity for Andy and I get to tag along for the adventure. It was also a bonus that Tasmania is just that little bit closer to our family in New Zealand.

Over the past month I have worked with Ron Exelby, Brunswick Junction Community Resource Centre (BJCRC) Chairperson to come up with the best plan for the Centre moving forward. BJCRC Project Officer, Tina Wallis, was offered the manager position and she has accepted, she starts this role on the 1st May 2021. She knows the intricacies of the government tender and KPI's that keep our doors open for all community members to access a range of diverse quality service and support. Tina will be teamed up with a new position, Client Services Officer who will provide that first point of face to face, phone and email contact for all our community members. BJCRC is still lucky enough to have team members school-based trainee Patrick Majewski until September 2021 and trainee Nicola Van Dijk until February 2022.

Past trainee Codee-Lee Down has also accepted the new role as a marketing consultant who will create material for marketing, manage the brunswickwa.com website and all social media freeing up staff members time who will be on the ground making the magic happen.

The team will also include a Youth Coordinator pending the success of funding from the recently submitted Shire of Harvey budget submission.

Most importantly the staff team will be led by committee and supported by volunteers. Which will include me as an associate member of the committee providing online and phone support.

I've tried to graciously accept the accolades received about how great I have been but I want to point out what every relationship, person, group, friend, colleague and association has done for me. You have all given me purpose, education and experience that have shaped who I am. It is not I who have been there for you, but you who have challenged, inspired and gifted me with friendships and opportunities to be a better me. I wonder what that would look like put in a dollar figure? Too much time and money for me to afford I'm sure. So, I thank you all! I look forward to seeing Brunswick continue to grow whilst snuggled up in my Ugg boots for the best part of the year".

Jo Dalton
