PRESIDENT'S ADDRESS

It's nearly here!

I am so excited for this year's Brunswick Show!

I remember when my family and I moved to Brunswick nearly 14 years ago, and didn't understand the build-up of excitement by everyone for miles around town. And then we attended the Show! And discovered what all the fuss was about.

How lucky are we to live in a town such as Brunswick, where the whole community comes together to put on such a fabulous event for everyone to attend? When you consider that there are just over 1,000 people living in Brunswick, and that we can draw a crowd for a one-day show of over 20,000 – it shows the commitment and love that we have for our town.

I am very proud this year to highlight much of what the Brunswick area is known for – fabulous food produced in our local area – with a theme of "Farm to Fridge". More of that will be highlighted later on in the Moospaper.

We have a huge amount of free entertainment this year for our younger showgoers – including the highly popular sandpit, where kids can have a go at using machinery including miniature backhoes to shift sand.

We also encourage you to enter the Ag Challenge where we have designed some fun challenges for all to try (no farm knowledge required!). Good cash prize for the winning team - \$300. Teams of 3 required. Book your spot by texting through your team name, and a main contact to 0447 261607.

We have also got Clarabelle the cow being auctioned again this year in the afternoon at the Alan Evans Cattle Complex, which is a huge event.

But we have so much more for you and your family to see. Sideshow alley. The Log Chops. The huge number of food trucks.

The Tom Pearson displays of local cooking, flowers, photography and more. The pony rides. The Heritage sheep display. The Trade lamb competition. The live music. The Machinery. The timber demonstrations. The most fabulous fireworks display. And the list goes on.

If you haven't worn yourself out, then we also invite you to come along to the Equestrian events on the Sunday, where last year there were over 120 competitors on the HBL Football oval, competing against some of the state's best riders. And for the first time in a long time, we have an entrant in the Royal Agricultural Society Rural Ambassador award – our very own Lauren Patane – a fitting person to have as our ambassador in a year where we are highlighting our fresh and fabulous local food.

That's what all the fuss is about – and we can't wait to share it with you all!

Julianne Hill, President Brunswick Show 2023

BRUNSWICK FOOD BOWL FROM OUR FARMS TO YOUR FRIDGE

The much-anticipated Brunswick Show is back, and this year, it's all about celebrating the rich agricultural heritage of the Brunswick area with the theme "Farm to Fridge." The Brunswick Agricultural Society is thrilled to showcase the incredible bounty of local produce and the farming traditions that have shaped this vibrant community for generations.

In 1842, the seeds of agriculture were sown in the Brunswick area when Marshall Clifton founded "Alverstoke," the first farm in the region. Remarkably, the Clifton family still carries on this farming legacy to this day. What began with wheat, barley, and potatoes has blossomed into a thriving agricultural hub that consistently punches above its weight in the world of farming and food production.

Brunswick has earned a reputation for excellence in dairying, beef, and, to some extent, sheep farming. However, the surrounding areas of Wokalup, Myalup, and Harvey have also made significant contributions to this agricultural marvel. These regions are renowned for cultivating a diverse range of produce, including grapes, and vegetables – with a particular emphasis on carrots, onions, potatoes, and brassicas – and more.

What truly sets this region apart is its impressive array of production facilities. From dairy to cheese and beef to fresh produce, Brunswick and its neighbouring areas boast some of the finest facilities in the country. Among these establishments, Brownes Dairy Brunswick Creamery, Harvey Fresh, HaVe Harvey Cheese, and Harvey Beef stand as shining examples of the commitment to excellence that defines this community.

"The Brunswick Show this year is all about celebrating our roots and the incredible journey we've made from the first farm at Alverstoke to the thriving agricultural hub we are today. We're proud to showcase the 'Farm to Fridge' journey, which highlights the exceptional quality and variety of locally produced food," said Julianne Hill.

Visitors to the Brunswick Show can expect an exciting lineup of events and activities that pay tribute to the area's agricultural heritage. From markets showcasing fresh produce to interactive exhibits on modern farming practices, there will be something for everyone to enjoy. And, of course, the mouthwatering food options at the event will be a testament to the incredible flavours that come from this region.

The Brunswick Show's "Farm to Fridge" theme is a heartfelt tribute to the dedicated farmers, producers, and families who have contributed to the prosperity and flavour of this community. As you explore the show and savour the local delicacies, take a moment to appreciate the incredible journey from the farm to your fridge, and the generations of hard work that have made it possible.

MAGGIE'S MUSINGS

One of the standout attractions in the Kids Zone is the giant sandpit adorned with an array of toys thanks to Carbone Bros. Children can let their imaginations run wild as they build sandcastles, dig moats, and create their own sandy masterpieces. It's the perfect spot for kids to unleash their creativity and enjoy hours of unbridled playtime. Parents can relax and watch their little ones have a blast in this safe and supervised environment.

For those young nature enthusiasts, "Crafts with Kate" is a must-visit station. Here, children have the opportunity to get their hands dirty while learning about the importance of biodiversity. Under the guidance of the talented Kate, kids can make bee hotels and seed bombs, all while gaining valuable insights into the role these creations play in supporting local ecosystems. It's a fun and educational experience that encourages kids to connect with nature and appreciate its wonders.

We will also have South West Autism Network at the show providing a calming and soothing environment for children who need a break from the hustle and bustle of the event. It's a place where kids with sensory sensitivities can relax and recharge, ensuring that every child can fully enjoy the festivities.

"The Kids Zone is all about creating memorable experiences for our youngest visitors. We've carefully curated a mix of activities that cater to different interests and needs and hope these free activities keep the whole family happy" said entertainment coordinator Joanne Norton.

2023 TRADE CATTLE

RODNEY GALATI

Our Brunswick Show continues to grow every year. Not necessarily in attendance but as an unrivalled event that has attractions for all. Our Trade Cattle section sees it as fruitless if we weren't to keep evolving each year to stay relevant to the changes and best practices of the Australian Beef industry.

We have made some major improvements in our yards to see better flow and less stress to the livestock as well as first-class handling facilities for our team of industry volunteers that start very early on Show day to draft, weigh and allocate cattle to their soft floor, watered pens for the day.

After the judging takes place we have the public auction at 2pm with a chance to see a real auctioneer selling all the livestock to processors, graziers and feedlots.

After the auction, Mitchell's Livestock Transport kindly delivers the cattle to their new owners around the state, with most being held over at their Waroona depot on hay and water. Their trucks and staff are all donated to help make our show a success year after year. So when you see their big red trucks come into the Showgrounds in the afternoon, give them a big wave as they are all volunteers too.

THANK YOU TO OUR GENEROUS SHOW SPONSORS

R U OK ? Day 2023

"We are here to hear" was the theme for this year's R U OK? Day. At the BJCRC we held a morning tea where everyone was invited to join us and have a chat with a mate and share some beautiful morning tea. The morning was well attended by the Brunswick walkers' group, we also had volunteers that help us out on a regular basis attend. The day is always a friendly reminder to take a 5-minute break in the busy lives that we lead and check in on our friends, loved ones and even with those that we may not know. The time to connect with someone will make a difference and could save a life.

LIONS TALES

More of the Brunswick Lions are returning to home ground after basking in the tropical sun of northern Western Australia, however, it doesn't take long for those members to get their thoughts together of how to get on with what they do best - helping the local community.

First on the agenda is a request from the Riding for the Disabled Assoc. who find themselves running out of hay which they urgently require to feed their stables of wonderful riding horses.

In the past, this requirement was supplied to the RDA as a donation, on behalf of the Brunswick Lions, by Val and Murray Piggott, taken from their own hay shed. After the sad passing of Murray and during the time the Lions were considering how to continue with this much-needed donation, some hay was delivered from the Piggott shed and two loads of hay were donated to the RDA by the Talbot Family, and Jamie and Leah Fry .

The RDA require around 50/60 rolls of hay per year to continue their wonderful service to the disabled. The Brunswick Junction Lions Club have committed to supply this amount of hay in memory of the late Murray Piggott (pictured).

The Brunswick Lions Club rounded off this month with a busy agenda at the club's hall at Roelands.

On Tuesday night, 19th Sept, the Brunswick Lions played host to the Harvey Lions club bringing a total of around 40 Lions members together. This made for a most enjoyable evening of friendship and fellowship, with guest Peter Kennedy, W2 District Governor, bringing us all up to date on what's happening around our area .

That's it from Lions Tales.
